

To all Music Students:

You will find your Studio Instructor for Applied Music Instruction listed below. The page at the end lists the location of the teaching studios of all studio instructors.

Please check these lists for the name and studio location of your Applied Music lessons instructor, then go to the Music Building on the Tuesday following Labour Day to meet your instructor and set up lesson times. Some of the instructors will be in their studios the first week of Sept. and others will leave instructions for their students posted on their studio door.

If no instructions have been posted, and you have been unable to contact your instructor by the end of the first week of classes, see the Undergraduate Assistants in TC210.
