Other students may be admitted by permission of the department chair. Students will be required to commit to regular weekly rehearsals outside the regularly scheduled class time. ATTENDANCE FOR THIS COURSE IS MANDATORY. Accommodation for documented medical absences will be considered for work worth less than 10% of the final mark. This will be completed in the last two classes of the final semester.

Learning Outcomes
Students will:

Be introduced to repertoire from 1945-the present through the preparation and performance of representative and significant works.

Develop a technical and intellectual awareness of performance practice issues related to the contemporary repertoire.

Develop a rhythmic ability that will enable them to successfully address complex rhythmic issues that are a vital component of the repertoire.
Course Structure:

The primary focus of this course will be the study of chamber music repertoire written after 1945. This study will be effected primarily through the preparation and performance of assigned repertoire culminating in two concerts. This repertoire will be coached during the scheduled class time on Mondays at 1:30-3:20. Any students not scheduled for a coaching will be required to rehearse assigned repertoire during this class time.

Course Evaluation:

Performance/Preparation of Chamber Ensemble Works 45%
Preparation/Performance of Special Project Repertoire 25%
Leadership/Initiative 15%
Attendance 15%

Performance:
Students will be assessed on the quality of their preparation and performance both in the classroom setting and in the two public concerts.

The Special Project:
This project will afford students the opportunity to select and prepare a work for performance either on their own or in collaboration with 1-2 other students. The student(s) will prepare this piece for performance on their own and are expected to bring it to a high performance level. Each student or chamber group will receive one or two coachings on this piece prior to the presentation. The repertoire for this project must be finalized by September 26, 2016.

Documentation shall be submitted, as soon as possible, to the appropriate Dean’s office…”
