Lessons

Students receive weekly lessons of 50 minutes each. Performance majors enrolled in 3921, 4921, 4922, 4923 receive an extra 12 lessons of 50 minutes each per year.

Performance class and other performances

Performance class meets Mondays at 6:00-8:00pm in TC101, unless otherwise noted. Students are expected to perform in at least two classes per semester, with piano (if required by the repertoire), as well as once per semester on a class recital. A performance schedule will be made and posted at the start of each semester.

Practicing

It is expected that all students will practice for a minimum of ninety minutes daily (in addition to ensembles and other rehearsals). As a music student, practicing is a part of your daily life (even on weekends) and the most important part of your preparation for lessons and masterclass. Write your practice times into your weekly schedule as you would a classroom course.

Structure your practice into two or more sessions: as early in the day as possible, establish a productive and regular routine of fundamentals, and some time later in the day schedule one or two additional sessions to work on etudes, repertoire and other demands.

Pianists

Building a productive, rewarding collaboration with a pianist is an important part of performing. To that end, you are strongly encouraged to find a pianist you can work with for the entire year. It is the student’s responsibility to schedule rehearsals, etc. and to deliver music to the pianist. Please contact me for a list of recommended pianists.

Students are responsible for purchasing their own materials. All students must own the following:

Basic equipment

Attendance

Please arrive on time, warmed up and with all necessary materials for lessons and studio class. If you are sick or have an unavoidable conflict, try to swap lesson times with another student before contacting me to arrange a make-up lesson. If you have a lesson conflict or are sick, it is your responsibility to inform me in advance and to arrange another time. In the event that I cannot attend one of your lessons, I will give as much advance notice as possible and we will reschedule through one of these options:

1. At an alternate time during the same week
2. By “doubling up” on lessons the following week
3. With an additional lesson at the end of the semester

Each year, you get one “get out of jail free card.” If you are feeling overworked or very under-prepared (it happens!), you have one chance to cancel your lesson. However, after that unexcused cancellations will result in grade penalties.

Evaluation

I assign each lesson a letter grade and use the resulting average as a rough guide for the lesson portion of the grade for the semester. Grading applied lessons is subjective, and I try to strike a balance between performance level, week-to-week preparation and improvement. This balance shifts and performance level is more heavily weighted as students enter 3rd/4th year or the performance stream.

Technical requirements are no longer included in the trumpet jury requirements. Instead, they are evaluated in lessons. This will happen at the end of the fall semester, accounting for 20% of your grade for that term. See the
“Trumpet Technique Syllabus” for more information.

Other projects are assigned as needed and will factor into the evaluation of each lesson.

**Concert Attendance**

All students enrolled in performance classes must attend a minimum of 12 concerts per academic year (excluding concerts and performances in which the student is participating). Each student will be given a concert attendance card which will be signed by professors at the end of the various concerts. This requirement will be factored in the performance class grade.

Your performance class grade is worth 10% of your final grade in applied study – you will be assigned a mark out of 10 in this area based on your performance and participation in performance class.

**If you do not attend 12 concerts, this mark will be penalized as follows:**

<table>
<thead>
<tr>
<th>Concerts Attended</th>
<th>Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 concerts attended</td>
<td>No penalty</td>
</tr>
<tr>
<td>7-11 concerts attended</td>
<td>5% penalty (eg: 8% becomes 3%)</td>
</tr>
<tr>
<td>0-6 concerts attended</td>
<td>10% penalty (ie: a mark of 0%)</td>
</tr>
</tbody>
</table>

**Performance Studies Handbook and Master Course Outline**

The performance studies handbook can be found online. This document contains important policies and other information about applied instruction. Please read it carefully and use it as a starting point for questions or concerns about this course.

Also, please consult the Master Course Outline for Applied Music, which includes important information including statements about evaluation, accommodation for mental illness, scholastic offences, mental health and pre-requisites.
