

Western Music

Don Wright Faculty of Music

Hello Thames Valley Band Directors and Clarinet Players,

The **London Community Clarinet Choir** is excited to go into its fourth year of music making and we are welcoming all middle/high school students and community players of all ages and abilities. A clarinet choir is a wonderful sounding ensemble with a wide variety of repertoire. The LCCC is an opportunity to improve one's ensemble and clarinet playing, explore different musical styles, and enjoy music making in a new and unique group...all at the same time!

Registration proceeds will go to support the organization "Clarinets for Conservation" in Africa. This group promotes awareness of conservation of the endangered *Mpingo* tree (black grenadilla wood) by planting new trees, and musically engages students and members of the communities of Tanzania through learning the clarinet. <http://www.clarinetsforconservation.org/> Each year we were able to sponsor clarinet teachers to travel there, sponsor several students in Korongoni Secondary School to participate in the program, and plant many grenadilla trees.
