The Obsidiana Duo brings together singer Camila Montefusco and pianist Yolanda Tapia—a partnership devoted to sharing and preserving Latin American music. Their program, Tierra, celebrates ancestry and belonging through the voices of Ibero-American composers. By uniting song, storytelling, and modern sound design, the Duo presents a recital that reimagines classical performance for today's audiences.

*This performance was made possible through the generous funding of the
Dorothea & Orrin Rolfe Memorial Music Fund.*
